

SIX LIVES LOST IN TRAIN WRECK

Three Others Seriously Injured
and Many Are Slightly
Hurt.

WASHOUT CAUSES DISASTER

Accident Occurs on Lake Shore
Division of Chicago and
Northwestern.

Green Bay, Wis., September 1.—One passenger and five trainmen were killed, three others seriously injured and twenty-one were slightly hurt today when train No. 112, on the Lake Shore Division of Chicago and Northwestern Railway, running thirty miles an hour, was derailed two miles north of Londonderry, Wis., as the result of a washout caused by a cloudburst. The locomotive, mail car, baggage car, and all but the coach tore the track, and all but the day coach turned over. The dead:

W. S. Calkins, Shawano, Wis.
John Jones, engineer, Green Bay, Wis.
G. E. Bushy, conductor, Milwaukee.
George Marx, brakeman, Milwaukee.
Carroll Bennett, baggage man, Antigo, Wis.

Stewart D. Sheldon, express messenger, Milwaukee.
The seriously injured: George Hammett, Chicago, head and arm bruised; M. Pusey, Ironwood, Mich., internally injured; they may all die. Alex. Chodles, mail clerk. They were removed to a hospital at Green Bay.

The twenty-seven other passengers who were slightly cut and bruised had their wounds dressed at Londonderry, Wis., and proceeded to Milwaukee and Chicago.

Alex. Chodles, mail clerk, was pinned under the debris for five hours before it was possible to release him. Both legs were broken and he was otherwise injured. It is probable he will die.

ASHLAND NEWS NOTES

Ashland, Va., September 1.—Mr. and Mrs. Andrew Elliott, of Newwood, Ohio, and Mrs. Frank Vaughan, of Cincinnati, and Miss Ryan, of Norfolk, are guests of Mrs. J. N. Vaughan, at her country home, "Pasadena."

Rutherford Fleet is spending the week-end at Painsville with Mr. Fleet, who will be there until September 15.

Miss Sadie Patton, of Jacksonville, Fla., is the guest of her aunt, the Misses Leake.

Mr. and Mrs. E. A. Gray and William Gray have returned from a visit to relatives in Palmyra.

M. N. Fisher, of Emmorton, who is here for the week-end with friends, has been elected a member in the Alexandria High School.

Wayland Cottrell will return to Newport News Monday after a visit to his cousin, Herbert Moss.

Mr. Hale Carter, professor of chemistry at Randolph-Macon College, is quite sick at his home here.

Miss Josie Wright, who has been visiting her sister, Mrs. John Segar, at Lewiston, will return Monday.

Miss Sarah Coleman, of Emporia, is the guest of Mrs. James Chenery.

Miss Sophie Hooper, of Richmond, was the guest of friends here today.

Mr. T. Morgan Shepherd returned Saturday night from Asheville, N. C., after a delightful visit there with friends.

J. Rives Worsham and J. Winfield Browney, of Norfolk, were here today visiting friends.

The hop given at the Henry Clay Hotel on Friday night was a delightful success. A Richmond orchestra furnished the music. The dancers included Mr. and Mrs. Frank Griffith, Misses Katherine Street, of Tennessee, Sadie Patten, of Florida, Catherine Saunders, of Richmond, Mary Pierce, Anne Mason Potts, Elsie Cardwell, Ruth Blaker, Annie Hunter, Emma Lee, Fredrick, Edie Daljant, Messrs. Frank Cox, W. W. Stinson, Frank Bane, Willie Cardwell, Warren, Wright, Floyd Tucker, Bruce, Luther Hartcock.

Mr. and Mrs. Robert Jones and children, who have been spending the summer in the home of George Morris, have returned to Richmond.

"TOO MUCH MOTHER-IN-LAW"

Reason Given by Kirkman for Break With His Wife.

New York, September 1.—Too much mother-in-law is the charge made by Mrs. Mary Belle Stock, prominent society woman of Philadelphia, by her son-in-law, George W. Kirkman, a prosperous young real estate operator of Interlaken, N. J. Kirkman's beautiful and wealthy twenty-year-old bride, Helen Louise Stock, daughter of a man, deserted him three days after their marriage, and the husband declares she is being kept from him by her mother, Mrs. Stock.

Baleful charges of conspiracy between Kirkman and a young woman who he had married as his wife, but who proved to be no relative, together with accusations that Kirkman had falsified his financial and social position to win the beautiful divorcee, are made by Mrs. Stock.

To-day Kirkman denied all these charges, declared his wife is a virtual prisoner in the apartment of Mrs. Stock, and said that he had telephoned every hour for days in an attempt merely to get a word to his wife, but that the mother-in-law always answered the telephone. Friends of the young couple believe, however, that behind all the charges and denials there is another reason for the separation and the remaining away from her husband of the dashing young society pet of London, New York and Philadelphia. This reason, however, is a mystery to the most intimate friends of both parties to the controversy.

EXPEDITION HALTS

Chinese Feel Anxiety Over England's Attitude Toward Tibet.

Tibet. The Chinese expedition has been halted on its way into Tibet pending instructions, in consequence of the attitude of England regarding that country. Much anxiety is felt in government circles, as it is believed that England's action is only a prelude to the repulsion of Tibet.

WARRENTON CLUB PLANS RACE MEET

Events Will Take Place on the
Wilbur Farm on
October 8.

[Special to The Times-Dispatch.]

Warrenton, Va., September 1.—After two most successful exhibitions, the Warrenton Hunt Club has decided to hold on October 8 another race meeting and horse show. The events and races will take place on the course on the farm of William K. Wilbur, on the Bear Wallow Road, which since the last meet held in April, has been perfected until now the place stands one of the most convenient and suitable places in Virginia. It is located in a most picturesque part of the county accessible from two roads and within easy walking distance from town. A grandstand and a section of reserved seats have been arranged and every convenience is promised all who will attend.

Every one knows that Fauquier County has for a long time been the leading county in Virginia in raising fine horses. Here in the blue grass pastures were raised fine horses that have made great names for themselves in racing, hunting and the horse show ring; they are continuing to do the same thing, as the quality and high standard of perfection are reaching a high point every year. There are in Fauquier County more thoroughbred sires than any other county in the State, and the mares have been improving for many years.

The meet on October 8 will undoubtedly prove the success that the previous meet of April was. The April meet was attended by several thousands of people from all over the country. New York, Philadelphia, Baltimore, Washington, Maryland and the entire State of Virginia were represented in the attendance and the entries for both the classes and the races were almost phenomenal for an amateur meeting of this kind. These meetings are of untold value to the community in every way and give a pleasant day of sport and amusement to all. The features of the October meeting will be a combined class and the steeplechase, to see nothing of the horse show in the morning when all the best hunters in Fauquier will take part.

The coming fall season for fox and drag hunting promises much for the riders in this section of Virginia. The Warrenton Hunt Club will have as its M. P. H. William F. Wilbur, who for the past several seasons has ridden as first whip to the former M. P. H. Courtland H. Smith, whose resignation was occasioned by a recent accident. Mr. Wilbur is one of the best known young riders in the hunting country. The "Casanova" Hunt will again be headed by M. P. H. Harry Edwards. This hunt while yet in its infancy, enjoys bi-weekly some of the best hunting in Fauquier County. There is no section of the Old Dominion that offers to the lovers of the horse and sports of this kind more inducement than Warrenton.

AVIATOR'S AIM PERFECT

He Drops Dummy Bombs Into Newport Torpedo Station.

Newport, R. I., September 1.—Flying at an altitude of nearly 1,000 feet, Jack McGee, the aviator, dropped into the centre of the Newport Torpedo Station today two bags which, had they been filled with explosives, would have destroyed the station and its contents.

The feat was perhaps the most impressive demonstration of the possibilities of the aeroplane as an engine of war ever witnessed in this country. McGee was watched with interest by a number of military officials. He ascended until he reached a height calculated to be out of range of a dependable gun fire, and after circling about for the time he desired, dropped the bags from his machine. His aim was almost perfect, the bags striking the bulk of the station where the bulk of the ammunition is stored. He then made a fast getaway, descended and came back to the station.

LABOR SERVICE AT ST. PATRICK'S

Great Cathedral Crowded With Representatives of Organizations.

New York, September 1.—Observance of Labor Day in New York began today in the churches, at which appropriate services were held. For the first time in its history St. Patrick's Cathedral was thrown open to a great labor meeting held to-night. All manner of labor organizations had been invited to attend the services, and the edifice was crowded with their representatives.

Labor Day occurred without any spread labor trouble in the metropolitan district, and plans for the celebration of the actual holiday tomorrow called for the largest parade of workers the city has seen. The favorite parade route, down Fifth Avenue, will be covered by a line estimated at 50,000 marchers.

The Women's Central Union League expects to muster several hundred of its members for the march, a feature of their knowing being a float decorated with white and gold, bearing fourteen comely young women working in classical costumes. The only two classes of workers in this district now on strike are excavation teamsters and furriers who will form special divisions of tomorrow's parade.

In his sermon at the St. Patrick's Cathedral services, Monsignor M. J. Lavella, vicar general of the diocese, denounced socialist tendencies. He did not mention socialism by name, but warned the working men that any movement tending to break up the home or destroy patriotism was dangerous.

BLANCHE BATES TO WED

Denver, Col., September 1.—Blanche Bates, the actress, and George Creel, police commissioner and editorial writer of a Denver newspaper, last night announced their engagement to be married in New York City during the holidays next December. Miss Bates has been spending the summer at Arvada, a suburb of this city, where Creel has been a frequent guest at house parties. Their acquaintance is of several years standing and the engagement is no surprise to their friends.

IN THE VERMONT FIGHT

REV. FRAZER METZGER, of Randolph, Vermont, is the Progressive candidate for Governor in the coming Vermont State election.

FINAL PRACTICE FOR GOLF MATCH

Qualifying Round of National
Championship Will Be
Played To-Day.

Wheaton, Ill., September 1.—Hot weather to-day interfered with final practice by the golfers who will play to-morrow in the qualifying round of the national amateur championship over the Chicago Golf Club links.

Harold Hilton, of the Royal Liverpool Golf Club, American amateur champion, and former British champion, complained of the heat. Nevertheless he went out in a foursome, having for partner Norman E. Hunter, of the Honorable Corporation of Edinburgh, Scotland. Paul and Robert Hunter, of Michigan, played against the Englishmen and naived the match with them, the best ball of each side being good for a seventy-five. Part of the course is seventy-three. Hilton will have for his partner for the morning round to-morrow Warren K. Wood, of Home.

Only the sixty-four making the best scores may play in the afternoon, so the conclusion of the first thirty-six holes of medal play may see some changes in the pairings.

The building of the Chicago Golf Club, burned two weeks ago, have been replaced temporarily by tents enough to accommodate all players and guests. Long rows of shower baths have been installed under the canvas, and 200 steel lockers have been put in place.

SECOND IN SERIES TO-DAY.

American Defenders of International Prize Hospital of Victory.

Huntington, N. Y., September 1.—With one race of the series for the Harmsworth motorboat trophy already ready to their credit, the American defenders of the international prize are hopeful tonight of victory in to-morrow's race—the second of the series—which starts at 2 o'clock.

To-day the "Ankle Deep" Count Mankowski's thirty-two-foot boat, the largest of the American boats, was hauled out of the water and repaired. Her owner says she will be at the starting line in fine shape to-morrow.

Commodore J. S. Blackton's two Baby Reliance II, and III, also received a thorough overhauling.

The wind to-night was from the east and there were many indications of an approaching storm, which might delay the race.

Joe Rivers Is Favorite.

Los Angeles, Cal., September 1.—Joe Rivers is favorite over Joe Mandot, of New Orleans, on the eve of their twenty-round fight at the Vernon Arena. Odds of 10 to 1 were offered on Rivers to-day, with Mandot money scarce.

TRAVEL VERY HEAVY

Steamers To-Day Will Load 5,000 People in Port of New York.

New York, September 1.—Nine thousand passengers from Europe will land here to-morrow from several steamers. There will be about 1,500 in the first cabin, mostly home-coming Americans, while 2,500 will be second-class immigrants from Europe, and 5,000 will come in the steerage. On Monday, Tuesday and Wednesday the North German Lloyd Line alone will bring more than 1,500 passengers into the port of New York.

Virginia League

RESULTS YESTERDAY.
No games scheduled.

STANDING OF THE CLUBS.

Clubs.	Won.	Lost.	P.C.	Year.

Portsmouth at Norfolk (afternoon).
Newport News at Roadsboro (morning and afternoon).

AXES THINK THEY WILL BE CHAMPS

Expect to Take Honors Away
From Washington in Inter-city Series.

The Battle Axe team local amateur baseball champions will go to Washington to-day to play the first of a series of games that will decide the championship of the two cities.

The Pepecos team, representing the Potomac Electric and Power Company, the logical champion of Washington, having defeated Cornell Friday in the post-season series.

This series will begin with a double-header in Washington Saturday at the American League Park, and judging from the attendance that they have seen having in Washington at the post-season series, some of the crowd will attend the intercity games should break all records for amateur baseball games.

The Pepecos are practically an unknown quantity to the local champions, but the boys here feel that they have an amateur team that will hold their own against any other amateur team in this country and feel confident of bringing the intercity championship honors to Richmond.

The Axes have an infield that is about as tight as any amateur infield could be, while the outfield is a remarkably heavy hitting and ground-covering.

The pitching staff has now rounded into form and should be able to hold its own if not go one better with the Washington twirlers. The catching department is solid and cannot be improved upon.

The umpire commission has decided to use Umpire French in the series and Washington will have Umpire Betts to work with French.

The Washington people may talk about their having 6,000 spectators at an amateur baseball game, but they will open their eyes when they come to Richmond on Saturday, September 14, and see the crowd that will be at Broad Street Park this day to witness the two games that will be played there.

AMERICAN ASSOCIATION

At Toledo—Toledo, 3; Louisville, 5 (first game). Toledo, 6; Louisville, 4 (second game).

At Indianapolis—Indianapolis, 1; Columbus, 6.

At Milwaukee—Milwaukee, 3; Kansas City, 2.

At Minneapolis—Minneapolis, 2; St. Paul, 5 (first game). Minneapolis, 11; St. Paul, 2 (second game).

AMERICANS ARE BIG WINNERS.

W. K. Vanderbilt, Fourth, and August Belmont, Sixth, on List.

Paris, September 1.—At what practically is the end of the bat horse racing season, Baron Gourgaud is at the head of the list of winning owners with an aggregate of \$14,432 in stakes and purses won. W. K. Vanderbilt, Sr., is fourth on the list, with \$55,935; August Belmont, sixth, with \$48,870; H. B. Durfee, ninth, with \$45,466, and Frank J. Gould, forty-fifth, with \$12,380.

PANAMA ASSEMBLY OPENS

President's Message Devoted to Discussion of Local Politics.

Panama, September 1.—At the opening of the ordinary session of the General Assembly, President Arce's message, in a large measure, devoted to a discussion of local politics, in which the United States government at the request of the opposition party, intervened and appointed commissioners to see that the election of 1910 was free.

President Arce declared that instead of preventing the opposition tolerated them. He said that owing to the action of the inspectors in most of the districts where the United States government intervened and where the balloting should have been impartial there were decisive frauds committed in favor of opposition candidates.

The assembly elected as its President Dr. Ciro Arzola.

Fashions!!

The Colored Fashion Supplement
of
The Times-Dispatch
Will Appear Next Sunday

Every woman is interested in the new Autumn and Winter styles.

The wealthy are able to go to Paris for information but everyone, rich or poor who reads The Times-Dispatch secures the latest knowledge of fashions without cost and without travel.

The Times-Dispatch brings the fashions to your very door; it shows you what to buy and where to buy.

The merchants of Richmond do the rest.

Read the Colored Fashion Supplement in next Sunday's

The Times-Dispatch

MILITIA IS STRONG AND ENTHUSIASTIC

Now in Better Fighting Trim Than It Has Been
Since War With Spain—Many Reforms
Are Under Way.

Washington, September 1.—Reports thus far received by officers of the War Department on the recent country-wide military maneuvers indicate that the militia is more enthusiastic and of greater force than has been the case since 1905, when the war with Spain aroused the citizen soldier. The regular army, judged by the same maneuvers, is regarded as a more effective fighting force because of the Texas mobilization and its participation with the militia in maneuvers camps.

Regular army officers attribute the greater interest being taken in the militia from the frequent rumors with Central America. At such times, say the military authorities, the citizen soldiers always respond with the result that in both strength and personnel, the militia is the gainer.

Reforms in transportation and camps methods are expected to grow out of the maneuvers. The recommendations of the umpires will be considered by the general staff in connection with the lessons learned during the mobilization of the regulars on the Mexican border some months ago.

The maneuvers, which lasted throughout eight days, cost close to \$1,000,000, of which the Federal government provided \$1,360,000, the various States whose militia participated making up the balance. Army officers insist that such a sum annually is not enough to get altogether satisfactory results, and Congress will be impelled to be more liberal in this direction in the next army appropriation bill.

In addition to the land maneuvers, the militia reserve of the coast artillery along all of the Pacific Coast and on the North Atlantic seaboard, as far south as North Carolina, were given target practice. The official scores had not been received up to tonight, but unofficial advice were to the effect that some excellent marks had been set. In connection with the coast artillery the troops in maneuvers at Graceland, Wash., are said successfully to have repulsed an "invading force."

News of Petersburg

Times-Dispatch Bureau.
5 Hollingsbrook Street,
Petersburg, Va., September 1.

As has been stated in The Times-Dispatch, the new City Council will meet to-morrow evening for the purpose of organization for the next two years. The officers and chairmen of standing committees, heretofore nominated, will be elected, and the membership of all the committees will be named. No other business but that of organization will be transacted. O. W. Mattox will be elected president and R. W. Price vice-president of the Council, and William Koenig president and William E. Rood vice-president of the Board of Aldermen. The Council will hold its first regular meeting for business Tuesday night, and the Board of Aldermen its first meeting next Monday night. These meetings will be of especial interest.

Interest in Baseball Circles.
Petersburg is lighting its best to win the pennant. With the ball season to end this week and with the three leading clubs very close to each other in the final week, interest, not to say excitement, is intense among the fans. The battle between Petersburg and Richmond and Petersburg and Roadsboro will settle the question of the pennant.

Petersburg are confident of breaking even in the four games with Richmond, and the record shows that on the home grounds Petersburg has won the majority of games in the contests with Roadsboro. The fans therefore are hopeful but not certain of victory and are manifesting intense interest in the result. The attendance at the morning game to-morrow between Petersburg and Richmond will be large as it was during the games here this week, and a large crowd of footers will go to Richmond to witness the afternoon game.

Death of Mrs. Fraser.
Mrs. Josephine Fraser, widow of R. Fraser, died yesterday afternoon at her home on Commerce Street. She was seventy-five years old and is survived by one son—Walter Fraser, of Norfolk, and by two brothers—Walter E. and James J. Quarles, of this city. The funeral took place this afternoon from the residence and the burial was in Blanford Cemetery.

Meeting of Daughters.
The regular monthly meeting of Petersburg Chapter, United Daughters of the Confederacy, will be held at noon Tuesday in the hall of A. P. Camp, at which it is expected matters of interest will be considered. The meeting of the chapter are always of interest because of the good work that is being done by the Daughters.

Personal and Otherwise.
In Grace Episcopal Presbyterian Church, in Prince George County, Tuesday morning, Miss Myra Temple, niece of Mr. and Mrs. W. D. Temple, of Prince George County, was married to Hardy Fitz Schlegel, of Richmond. This wedding will be an event of much social interest in the county.

A dozen or more arrests—mostly of colored adulterers of the law—were made Saturday night, and from the unfortunates the police gathered in several razors and pistols concealed about their persons.

J. U. Francis and family, who spent the summer at the Seashore, have returned to their home in this city.

Mr. and Mrs. John Newman and daughter, after a pleasant visit to relatives and friends in this city, have returned to their home in Newark, N. J.

MODEL POST ROADS WILL BE BUILT

Counties and Federal Government to Join in Expenses of Construction.

Faleigh, N. C., September 1.—E. W. James, engineer with the post road division of the United States government at Washington, is here in conference with United States Senator F. M. Simmons relative to the immediate inauguration of post road construction in North Carolina under the bill that recently passed Congress, largely through the efforts of Senator Simmons whereby the government will provide one-third and the localities two-thirds of the cost for constructing model post roads, to a limited extent. The plan now is to build three stretches of model road in the three divisions of the State—coastal, hill and mountain regions—the road to be regular rural mail routes. Twenty or more counties have already made application for such road, declaring that they have the money in hand ready to apply to the work at once. Senator Simmons says that the government expects to be in position to select the North Carolina roads to be improved within the next thirty or sixty days. He believes that this is just the beginning of a great movement for road improvement that will sweep the country very soon through judicious Federal aid. The Senator will be here to-morrow and will then go to his Jones County farm for a few days rest. Thereafter he will tender his services to the State Democratic Executive Committee and get right into the campaign, making straight Democratic speeches and leaving his own candidacy for the Senate with the people on the record he has made.

The Liberty Paper and Paint Company, of Winston-Salem, has been chartered with \$25,000 capital authorized and \$20,000 subscribed. The incorporators are Joseph Libes, B. A. Libes and W. W. White. Another charter was for the Durham Sun Co., of Durham, capital \$50,000 authorized and \$15,000 subscribed, by O. E. Crowson, R. O. Everett and H. P. Primrose for a general newspaper publishing business. The company will take over the Durham Sun, the afternoon paper.

"MOVIES" TO HELP TAFT.
Pictures and Other Novelties in Republican Campaign.

Chicago, September 1.—Publicity plans which will include moving pictures and novel schemes to attract attention are to be utilized in the Republican national campaign. Just what form these efforts will take has not been decided by Charles F. Scott, director of publicity.

One of the developments of the week from the point of view of Director David W. Hillman, at Republican headquarters, was the belief that support of the candidacy of President Taft would not be confined to the Republican party.

"Our campaign is making definite progress," he said. "There is enthusiasm all along the line."
